

**RURAL VOLUNTEER FIRE DEPARTMENT ASSISTANCE PROGRAM
FUNDING SUMMARY – MEETING 1
SEPTEMBER, 2002**

During the 77th Legislative Session the Texas Legislature passed House Bill 2604, establishing the Rural Volunteer Fire Department Assistance Program to assist fire departments with equipment and training. Funds for the program are set at \$15 million per year and were made available on September 1, 2002.

On September 16, 2002 the Texas Forest Service had its first meeting to review applications and award funding. During this meeting, over \$3 million in approvals were awarded to fire departments across the state!

All departments receiving awards will be sent an official Letter of Approval. Additionally, any assistance requests that were not approved during this first meeting will continue to remain active for a period of one year and be revaluated at future meetings.

Additional funding meetings will be held throughout the year, so any eligible departments who are interested in the program are encouraged to apply.
