Let’s take arson seriously.

Texas Forest Service is an Affirmative Action Equal Opportunity Employer committed to excellence through diversity.
Accidents happen, but arson is intentional.
Arsonists live among us.
Arsonists are few in number.
We as a community can stand together.
We may suspect who they are.
We may not act due to fear.
We pay for not speaking out.
Arson is not acceptable.

**ARSON IS A CRIME.**
