

National Fire Plan

2017 Prescribed Fire Grant Application

**Grant Funded Through USDA – Forest Service
Award #14-DG-11083148-001 & 15 DG-11083148-001
CFDA #10.664**

Scope of Project: Provide assistance to communities that have been or may be threatened by wildland fire by funding prescribed burning to reduce hazardous fuels in and around communities. Treatment areas will be private property in the 30 Texas Counties that have a Community Wildfire Protection Plan (CWPP) within the county. The goal is to protect high-risk communities and aid in ecosystem restoration by utilizing prescribed fire to consume excess vegetation before it contributes to catastrophic wildfire. Priority will be given to treatments sites that are within a CWPP, located near a Firewise community, located near homes based on Texas Wildfire Risk Assessment Portal (TxWRAP), and contain ecosystems that will benefit from prescribed fire. The total funding for these grants is \$20,690.00. No cost shares are involved with this grant program.

Grant recipients will be reimbursed actual per acre costs associated with conducting the prescribed burn not to exceed the maximum reimbursement rate of \$30.00 per acre with a total limit of 300 acres per recipient.

TFS will supply the grant recipient with an approval to burn letter when all TFS required paperwork has been completed by recipient. Any burning on an approved project prior to receiving this notice is not eligible for reimbursement.

Application packages post marked on or before September 30, 2016 will be accepted and considered for funding. **No faxes or e-mailed applications will be accepted.** Please return the completed and signed application packages by mail to:

**Texas A & M Forest Service
Mitigation & Prevention Department
2127 S. First Street, Lufkin, Texas 75901
Attn: Fuels Coordinator**

All applicants will receive a notification of decision letter of either approved or denied no later than December 9th, 2016. TFS will also publicize the listing of approved recipients on our website. The grant funding period is from December 9th, 2016 to July 31, 2017. No application deadline extensions will be granted.

We will be happy to help with any questions. Please call Andy McCrady, Fuels Coordinator, at (936) 689-9393 or wmccrady@tfs.tamu.edu or Tammy Russell, Business Associate III, at (936) 273 2261 or trussell@tfs.tamu.edu.

Applications Must Include:

- Complete all information on page 1.
 - Texas Department of Agriculture Certified and Insured Prescribed Burn Manager License Number. (If missing, this information will be requested before application can gain final approval)
- Complete all information on page 2.
- A comprehensive burn plan along with the “Burn Unit Location” information requested on page 2 of the application. A landowner may produce the burn plan and location information or use the services of a consulting forester or contracted burn vendor. See the Texas Department of Agriculture web site for details of a comprehensive burn plan:
<http://www.texasagriculture.gov/Home/ProductionAgriculture/PrescribedBurnProgram/SampleBurningPlanDocuments.aspx>
 - The prescribed burn plan itself must be signed and dated by the preparer
- Location map displaying proximity of burn unit to roads and communities
- Map displaying boundary and acreage of burn unit

Additional Information for Applicant:

- Multiple applications may be submitted per individual, but grant is competitive and selection will be based on the goal of reducing the risk of catastrophic wildfire near communities. All applications will receive a notification of decision by mail by December 9th, 2016.
- **The completed application package must be received by TFS or post marked on or before September 30, 2016. Deadline for applications is firm. No fax or e-mailed applications will be accepted.** Selection process will begin immediately.
- Name on application, grant subrecipient agreement (if applicable), and invoice for payment must match.
- TFS personnel may contact and speak directly with recipient’s burn vendor about burn dates after the recipient has received the approval to burn notification letter from TFS.
- **Grant is to be used only for the reimbursement of costs to landowners for a private contractor to conduct a prescribed burn (maximum of \$30.00 per acre and maximum of 300 acres of total burns).**

- **The burn vendor must be a Certified and Insured Prescribed Burn Manager that is currently licensed by the Texas Department of Agriculture.**
- Grant funds will not be provided to reimburse for administrative charges for completing the application or creation of burn plans by applicant or a private contractor.
- TFS may complete an on-site assessment prior to approval of recipient's application.

If you are selected:

- TFS will mail a notification of decision letter to the applicant containing all grant documents including Grant Subrecipient Agreement (if applicable), Terms and Conditions of Individual Grant Award (if applicable) and any other certifications required by the USDA-Forest Service. All required forms must be completed and signed by applicant and approved by TFS before the prescribed burn can take place.
- **TFS will supply the recipient with an approval to burn letter when all TFS paperwork has been completed by recipient. Any burning on approved project prior to receiving this notice may forfeit recipient's prescribed burn funding.**
- TFS staff member will make a short site documentation visit and take pre-burn photos of vegetation condition along with a final post burn inspection and photos of vegetation.
- No exchange of land tracts will be allowed. Reimbursement made only upon approved contracted land tract. The grant funding period is from December 9, 2016 to July 31, 2017.
- **Burn contractor should notify TFS at least 24 hours prior to the prescribed burn taking place. Contractor should call Andy McCrady at the TFS Lufkin Office at (936)689-9393 with this notification.**
